Compresas Forget-Stress! **termoterapia que reduce tu estrés!**
www.forgetstress.org

My name is Silvia Guevara Madriz, currently I am a housewife, I have many pains in the back and very strong pains when I have my menstrual period, even my legs are affected, when I started using the pads I could not believe how fast it relieved the pain to the point of taking me away.

Thanks to this good experience, I recommend the pads to anyone who suffers from pains, stress, etc., guaranteeing relief and well-being.
